

Save Flaine and Les Carroz from a damaging project: golf course at Les Carroz and destruction of the commons (Pierre à Laya).

Repercussions for Flaine:

- closure of golf course,
- l'Arbaron to be concreted over.

The Association Flainoise fully supports the position of the opposition councillors. This is important for Flaine. You can give your forms to the association. Detailed information is available on our website..

These construction projects will have a devastating effect on the resort we all love.

Have your say on these projects!.

DID YOU KNOW?

The planning application for this 'new tourist unit' (Unité touristique nouvelle – UTN) -creation of a nine-hole golf course at Les Carroz can be consulted from Monday 16 July to Friday 24 August 2018.

DID YOU KNOW? The planning application for this “new tourist unit” (unité touristique nouvelle – UTN) — creation of a nine-hole golf course at Les Carroz — can be consulted from **Monday 16 July to Friday 24 August 2018.**

“New tourist unit for the extension of the Serveray leisure park at Arâches la Frasse” is the name of the project to build a **new golf course**. Based on the common lands of Arâches la Frasse, it would stretch from the back of the Prés du Bois apartment building as far as Arâches, **covering 46 ha**, and would entail **clearing 13.5 hectares** of land. In addition to the nine-hole golf course, there would be a hotel, a visitor centre, a 450 m² restaurant and pro-shop, and 350 m² of staff accommodation.

If you are **IN FAVOUR OF** preserving this remarkable site with its landscapes and ecosystems,
If you are **IN FAVOUR OF** preserving this special spot which is untouched by human activity,
If you are **IN FAVOUR OF** preserving this entirely common land, which belongs to everyone and to all generations,

If you are **AGAINST** artificialisation and building works on this virgin land,
If you are **AGAINST** the clearing of 13.5 ha,
In short, if you are against this useless, colossal project:

It is time to share this information far and wide.
This is a democratic opportunity which must not be missed.

During this period, you can consult the project file at the town hall. Don't be put off by the **size of the file! Make your views known!**

If you cannot visit the town hall during this period, don't give up, send us your opinion either by posting it in the letter box of the opposition councillors, or by email opposition.aracheslafrasse@gmail.com, and we will lodge it on your behalf.

So that no one can say “I DIDN'T KNOW”, share this information by word of mouth and on Facebook, collect written opinions from people around you who cannot travel here and send them on to us.

Your opinion is important! Have your say!

Together we can ensure that this this area of outstanding natural beauty, untouched by human activity, is preserved for future generations. **If you wish to ACT, now is the time. It will soon be too late!**

Your opposition councillors
